Lot 10: Three Day Texas Sandhill Crane Hunt for Two

Known as the “Ribeye of the sky”, sandhill cranes are just as enjoyable to eat as they are to hunt. If you haven’t tried hunting for cranes, it’s something you need to experience for the sight of cranes landing in the decoys and the sound of them coming in alone. So, head to west Texas and join our friends at Safari Unlimited for a 3 day/3 night crane hunt on the flatlands. Each evening your guide will provide you with the pin location of where the next day’s hunt will be after they have scouted the best location, where they will set up layout blind or A-frame style brushed blinds along irrigation tunnels or in ditches. Although sandhill cranes are a notoriously difficult species to decoy, with the experience crew at Safari Unlimited, you are bound to enjoy some exciting crane hunting. Each hunter can shoot up to 3 cranes per day and 5 lesser Canadians per day, but limits may not be met each day depending on hunting conditions and migration patterns for both species. That said, when the birds are in, they’re in! Hunting typically finishes around 11am each day. This gives you ample time to get back to the hotel, grab lunch in town and take a nap before we join you for dinner and the hunting stories can commence. So, grab your shotgun and join us in and around beautiful Canyon, Texas for a trip to remember! This package includes lodging, evening meals and beverages, professional guides and field prep. Not included are travel to Canyon, Texas, lunch, license fee (~\$85), taxidermy/packing/shipping, and gratuities. Guns may be rented if needed for \$250/hunter including ammunition. Lot 23: Three Day Argentina Fishing Trip for Golden Dorado for Two Anglers

Anthony Caggiano of Nervous Waters has donated a 3-day fishing trip for two anglers for Golden Dorado at Suinda Lodge in Argentina. Dorado are one of the most exciting and complete gamefish you'll find anywhere. By complete we mean a perfect mixture of characteristics we appreciate as anglers: beauty and ferocity, acrobatic ability, complex behavior, and a little mystery. Although dorado exist only in South America, their environments are diverse— big rivers to small streams, freestones to tail-waters, jungle marshes to river deltas. The clear upper Parana River, where Suindá lodge is located, is legendary for dorado. Being one of the main arteries of an intricate basin, it produces good numbers of larger fish. That said, these fish are tricky, moody, smart, and sensitive. But prepare to be rewarded for the challenge with thrilling, adrenaline laced fishing. Included in this fishing trip for two anglers are 4 nights lodging, 3 days of guided fishing, all meals, all beverages, including open bar, and a wonderful wine list, all transportation during the fishing days. NOT included, and payable by the auction winners: Transfers and fishing licenses. The following fees generally run between \$50 to \$200 per person for transfers and \$50 to \$75 per person for fishing licenses. Equipment rental (if needed) and gratuities can be paid on site. Trip is good for 12 months from purchase.
